EDITION 3 / MAY 2025

VIKING RESCYOU™ LIFERAFTS

The ultimate safety essential
for your yacht or boat

VIKING
LIFE-SAVING EQUIPMENT

Discover the VIKING advantage

For the serious sailor

A VIKING RescYou™ liferaft is full of features important to the serious sailor. We concentrate on details that improve visibility, make boarding easier and reduce possible discomforts.

Our compact storage options don't get in the way. Flexible valises or high gloss fibre glass containers make easy and elegant storage on yachts of any size and type.

Uncompromising and superior safety

Select a VIKING RescYou™ liferaft from a leading expert in maritime safety. Our complete range of yachting liferafts has been specifically developed with an uncompromising and superior safety until now only available in commercial shipping.

The range of VIKING RescYou™ liferafts

RescYou™ Pro

The ultimate liferaft for all types of sailing, where comfort and safety go hand in hand

- Top of the line with all the ultimative features
- Automatically self-righting
- ISO 9650-1 Type 1 approved

RescYou™ Ocean

The traditional liferaft for cruising on the open sea

- Classic leisure liferaft
- Durable and stable
- ISO 9650-1 Type 1 approved

RescYou™ Coastal

The smart solution for coastal sailing

- For coastal waters
- Compact and portable
- ISO 9650-1 Type 2 approved

You get all this with a VIKING liferaft:

1. The base material of every liferaft is the strong, yet flexible, natural rubber
2. Fluorescent yellow canopy enhances visibility from a distance
3. Two separate buoyancy chambers each capable of supporting the maximum amount of passengers
4. Four 55 l. quick filling, weighted ballast bags offer maximum stability and prevent capsizing in heavy seas
5. SOLAS high-visibility retro-reflective tape on canopy, sides, buoyancy chambers and under the liferaft
6. Automatic SOLAS/USCG exterior and interior light
7. Easy slide zippers offer the ability to increase freeboard even when the hands are cold
8. Internal and external lifelines
9. Rain water collector (on the RescYou™ Pro and RescYou™)
10. Innovative boarding ramp ensures safe and quick embarkation
11. Large opening allows for helicopter evacuation from within
12. Two openings increase the view of the horizon and improves cross-ventilation

Check all the liferaft specific details on the following pages

VIKING RescYou™ Pro

The ultimate liferaft for all types of sailing, where comfort and safety go hand in hand

VIKING RescYou™ Pro is our top of the line leisure liferaft. It features generous space and headroom as well as all the details required by the serious sailor. The automatic self-righting function ensures that the liferaft is immediately ready for boarding.

The curtained windows give an excellent view of the horizon without the need to open the canopy. The inflatable double floor works as a good insulation from the cold ocean. Features that reduce the risk of hypothermia.

VIKING RescYou™ Pro is ISO 9650-1 Type 1 group A certified and third-party approved by Bureau Veritas. The liferaft also meets the ISAF rules.

The automatically self-righting VIKING RescYou™ Pro is ready for boarding within seconds

Type of liferaft: RescYou™ Pro	Dimensions L × W × H*	Weight (incl. equipment)
4 person, container	80 × 57 × 32 cm	40 kg
4 person, valise	84 × 43 × 34 cm	38 kg
6 person, container	80 × 57 × 35 cm	48 kg
6 person, valise	84 × 45 × 45 cm	41 kg
8 person, container	80 × 57 × 35 cm	53 kg
8 person, valise	87 × 49 × 43 cm	46 kg

** Height for liferaft in container includes cradle (approx. 2 cm)*

VIKING RescYou™ Ocean

The traditional liferaft for cruising on the open sea

VIKING RescYou™ Ocean is the classic leisure liferaft in the VIKING quality. The large opening in the canopy and the highly visible ramp ensures fast and easy boarding.

The insulated floor, excellent ventilation and good views of the horizon all make the stay as comfortable as possible.

There are no compromises on safety when choosing a VIKING liferaft. The RescYou™ Ocean is ISO 9650-1 Type 1 group A certified and third-party approved by Bureau Veritas The liferaft also meets the ISAF rules.

Type of liferaft: RescYou™ Ocean	Dimensions L × W × H*	Weight (incl. equipment)
4 person, container	75 × 45 × 32 cm	36 kg
4 person, valise	80 × 41 × 36 cm	29 kg
6 person, container	80 × 57 × 32 cm	42 kg
6 person, valise	85 × 47 × 38 cm	36 kg
8 person, container	80 × 57 × 35 cm	48 kg
8 person, valise	80 × 45 × 45 cm	39 kg

** Height for liferaft in container includes cradle (approx. 2 cm)*

VIKING RescYou™ Coastal

The smart solution for coastal sailing near rescue points

VIKING RescYouTm Coastal is the smart solution if you sail in coastal or inland waters near rescue points. Lightweight and easy to transport and fit on board.

Exceeding demands for ISO 9650-1 Type 2 approval, the design includes a wide range of important details, such as the automatically inflated canopy and an innovative ramp that makes boarding fast and easy to reduce the risk of hypothermia.

The VIKING RescYouTM Coastal liferaft comes with a specifically designed coastal survival emergency pack that covers all basic needs in coastal rescue situations.

Type of liferaft: RescYou™ Coastal	Dimensions L × W × H*	Weight (incl. equipment)
6 person, container	75 × 45 × 30 cm	32 kg
6 person, valise	79 × 39 × 37 cm	28 kg

** Height for liferaft in container includes cradle (approx. 2 cm)*

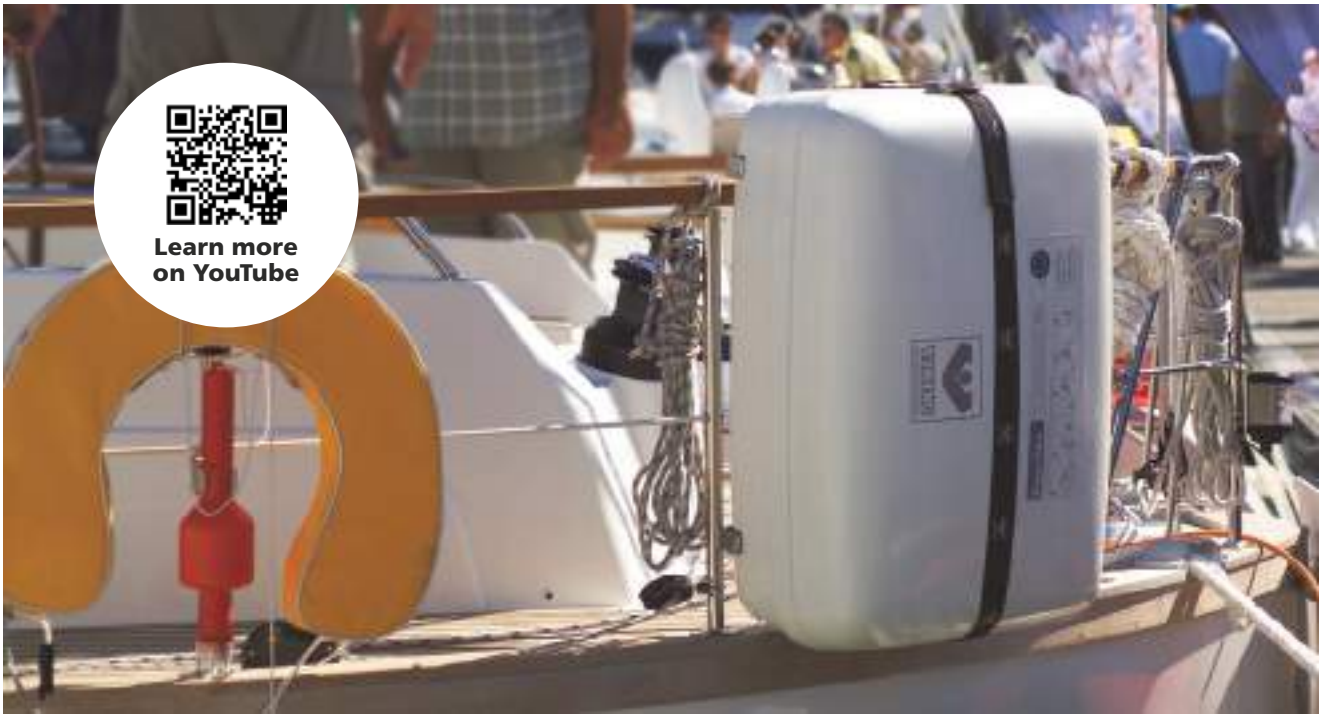

Choosing your liferaft

4 important questions:

- Coastal sailing or longer voyages?
- What climate will you be sailing in?
- Boat races and regattas make special demands for the liferaft!
- Which emergency pack fits my needs?

Easy storage

Choosing between a valise or container

Storage decision depends on your vessel. If there is enough space on the deck or railing, we recommend that you mount a container for your VIKING liferaft. In an emergency, it is easy to get to the liferaft and deploy it.

The valise is a good solution when there isn't enough room to mount a container. It stores in a dry and stable area below deck or in a deck storage box. The valise is a portable solution when you want to take the liferaft with you.

Container

The container offers maximum protection against the elements. Mount the container on deck, railing, push pit or bulkhead.

Valise

The valise is water-resistant and the cover has a modern design. You can bring the valise ashore to prevent theft or if deck space is limited.

Mounting brackets for VIKING liferafts

The mounting brackets are made of high quality stainless steel.

HRU – Hydrostatic Release Unit

A hydrostatic release unit, or HRU, enables liferafts to surface and inflate automatically when a vessel is sinking. Simple to install and releases at all angles – requiring only water pressure to activate.

Liferaft contents

- Life-Saving Equipment is packed according to relevant regulations.
- VIKING uses exclusively high quality products.
- Content is based on a 6 person liferaft.

VIKING CE/ISO Lifejackets

Combining comfort and style with safety

VIKING lifejackets are designed to protect your life. Their slim, ergonomic and lightweight fit and stylish design, means they're perfect for extended wear and won't get in the way of your sailing.

VIKING RescYou™ lifejackets combine quality craftsmanship with premium features and double stitches for extra durability.

Advanced materials and the waist band make VIKING lifejackets comfortable to wear.

Your safety is our bottom line. All lifejackets inflate in a matter of seconds, and are designed with essential safety features such as crotch strap, SOLAS-grade retro reflective tape and a lifting strap.

VIKING RescYou™ Vista (PV9220)

Our basic leisure lifejacket in classic design with the essential details for optimal safety and comfort.

- 150 N buoyancy
- Exclusive materials and finish in a slim, lightweight design
- Single buoyancy chamber in high visibility yellow with retro-reflective tape
- Single hand operated buckle for easy adjustment
- Fitted with lifting strap for efficient retrieval, crotch strap and whistle
- Available in red, dark navy blue and black
- Optional items: water activated light (W4), embroidery

VIKING RescYou™ Horizon (PV9210)

Top of the line lifejacket with a flat profile.

- 275 N buoyancy ensures high clearance from the water line
- Fully integrated cover and buoyancy chamber provides ergonomically enhanced low profile fit
- Single hand operated buckle ensure easy adjustment of lifejacket
- Fitted with lifting strap, whistle, crotch strap
- Available in black, red or high visibility yellow
- Optional items: sprayhood and water activated light (W4)

VIKING RescYou™ Edge (PV9241)

Excellent choice for extended wear in various demanding maritime applications.

- Modern design with enhanced weight distribution across torso
- Everyday comfort: Crafted for all-day wear and made with durable materials
- Enhanced comfort: Featuring the "right bend" in the neck for better weight distribution across the neck and torso, as well as a crotch strap
- Freedom of movement: Lighter than SOLAS life jackets allowing for greater freedom of movement
- Fitted with lifting strap, whistle, single hand operated front buckle
- Available in yellow/black, black and black wipe clean
- Available in 150 N and 275 N
- Optional items: sprayhood and water activated light (W4)

VIKING RescYou™ Prime (PV9280)

Superior comfort with ergonomic shape to fit the body perfectly and distribue the weight of the lifejacket.

- Advanced ergonomics for snug and immediate fit featuring a single chamber construction
- Superior wearer comfort for freedom of movement during all-day wear – you may even forget you are wearing it
- Perfect shape and weight distribution for all-day comfort in varous work applications
- Fitted with lifting strap, whistle, single hand operated front buckle and easy tightening system for perfect fitting on body
- Available in yellow/black and black
- Available in 150 N and 275 N
- Optional items: sprayhood and water activated light (W4) and detachable crotch strap, embroidery

YOUR SAFETY
IS SAFE WITH US

VIKING is a market leader in maritime safety with over 60 years of experience, providing essential safety equipment for passenger & cargo vessels, offshore installations, defence and fire fighting industries, fishing and yachting vessels.

VIKING products are supported by a unique global network of branch offices and authorised servicing stations. We work together as a team via our extensive information network.

Contact your nearest VIKING office and hear more about what makes VIKING so special and how we can help you make the right choice – the first time around.
